# **VAUXHALL CONNECTED SERVICES**

**COMMERCIAL OFFER FOR LIGHT COMMERCIAL VEHICLES**

# VAUXHALL Connected Services

Stay in control of your drive with access to a range of smart features designed to optimize your everyday work. Tailor your driving experience with our two Connected Services packages.

## VAUXHALL Connect ONE

### Enjoy essential connectivity

Included for **10 years\***, rely on Connected Services dedicated to maintenance, assistance, Electric Vehicle management and more.

### Standard features

Enjoy essential connectivity included in the price of your vehicle.

- **Over The Air Software Updates**  
Make sure you always get the latest features.
- **In-Vehicle Notifications**  
Be notified on important messages about your vehicle.

### Assistance

Count on roadside assistance whenever you need it. Help is just a tap away via the SOS or Assistance buttons, or quickly reach support through the MyVauxhall app.

- **Emergency Call**  
Prompt emergency assistance on time, at any time.
- **VAUXHALL Assistance Call**  
Get the help you need in case of technical issues or vehicle breakdowns.

\*From vehicle warranty start date

## Electric Experience

Optimize the daily driving of your electric model.

- **e-Remote Control**  
Use the MyVauxhall app to manage charging sessions and precondition your cabin.
- **e-ROUTES mobile app**  
Prepare your trips, find recommended charging stations and nearby points of interest. Then mirror it to your infotainment system with range and battery levels.
- **e-Coaching Tips**  
Get daily tips and recommendations to help you improve battery autonomy and optimize your journeys.
- **Free2move Charge Services**  
Manage your charging sessions, find public charging stations and pay directly with your phone\*\*.

## Vehicle maintenance

Receive updated, useful information to keep your VAUXHALL in good condition.

- **Vehicle Health Alerts**  
Dedicated notifications will help you act quickly whenever your vehicle needs attention.
- **Online Booking**  
Schedule a service appointment with your preferred dealer from the MyVauxhall app.

# VAUXHALL Connect PLUS

## Elevate your connected experience

With a trial period included for **6 months\***, VAUXHALL Connect PLUS provides a wide range of features to help you make your drive more productive.

### Assistance

Add an extra layer of confidence with smart features that help you look after your vehicle.

- **Theft Alarm Notification**  
Always stay informed if your vehicle alarm is triggered.
- **Stolen Vehicle Tracking Assistance\*\***  
After reporting a theft, recovery support and tracking will help authorities find your vehicle.

### Electric Experience

Optimize the daily driving of your electric model.

- **EV Trip Planner**  
Use the MyVauxhall app to plan your journeys and define the conditions of your arrival based on battery, range and charging station info.
- **EV Routing Embedded**  
From your infotainment system, view your journey's total duration, including charging times. Instantly recalculate the best route based on battery levels, road, traffic and driving conditions as they change. Also find nearby charging points.

## Connected Navigation

Ensure an optimal driving experience on every journey.

- **Real-time Navigation**  
Get updated traffic, fuel and charging stations, weather, speed cams, parking availability, and points of interest.
- **Send2Nav**  
Send destinations from the MyVauxhall app to your navigation system.
- **Map Over The Air Updates**  
Get the latest maps on your navigation system with automatic updates.

## Voice-Assisted Tools

Benefit from voice-powered features to keep you informed while you focus on the road.

- **Natural Voice Recognition**  
Control vehicle functions with your voice while keeping your hands on the wheel. Just say: "Hey Vauxhall, change the radio station".
- **ChatGPT**  
Get additional information about landmarks along your route or destination. Just say: "Hey Vauxhall, recommend me where to have lunch in the area of my next delivery".

## Smart Access & Control

Make everyday life easier with intuitive features that keep you connected to your vehicle, no matter where you are.

- **Remote Control**  
Lock and unlock your doors, flash the headlights, or sound the horn with a simple tap on your phone.
- **Find My Car**  
Locate where you parked your car using the app and start pedestrian guidance to reach it.
- **My Trip Report**  
Save time and money thanks to detailed information that helps you optimize your journeys.

# Fleet Telematics and Software

Take full control of your fleet with Connected Services: reduce operating costs, improve driver safety, and boost overall efficiency.

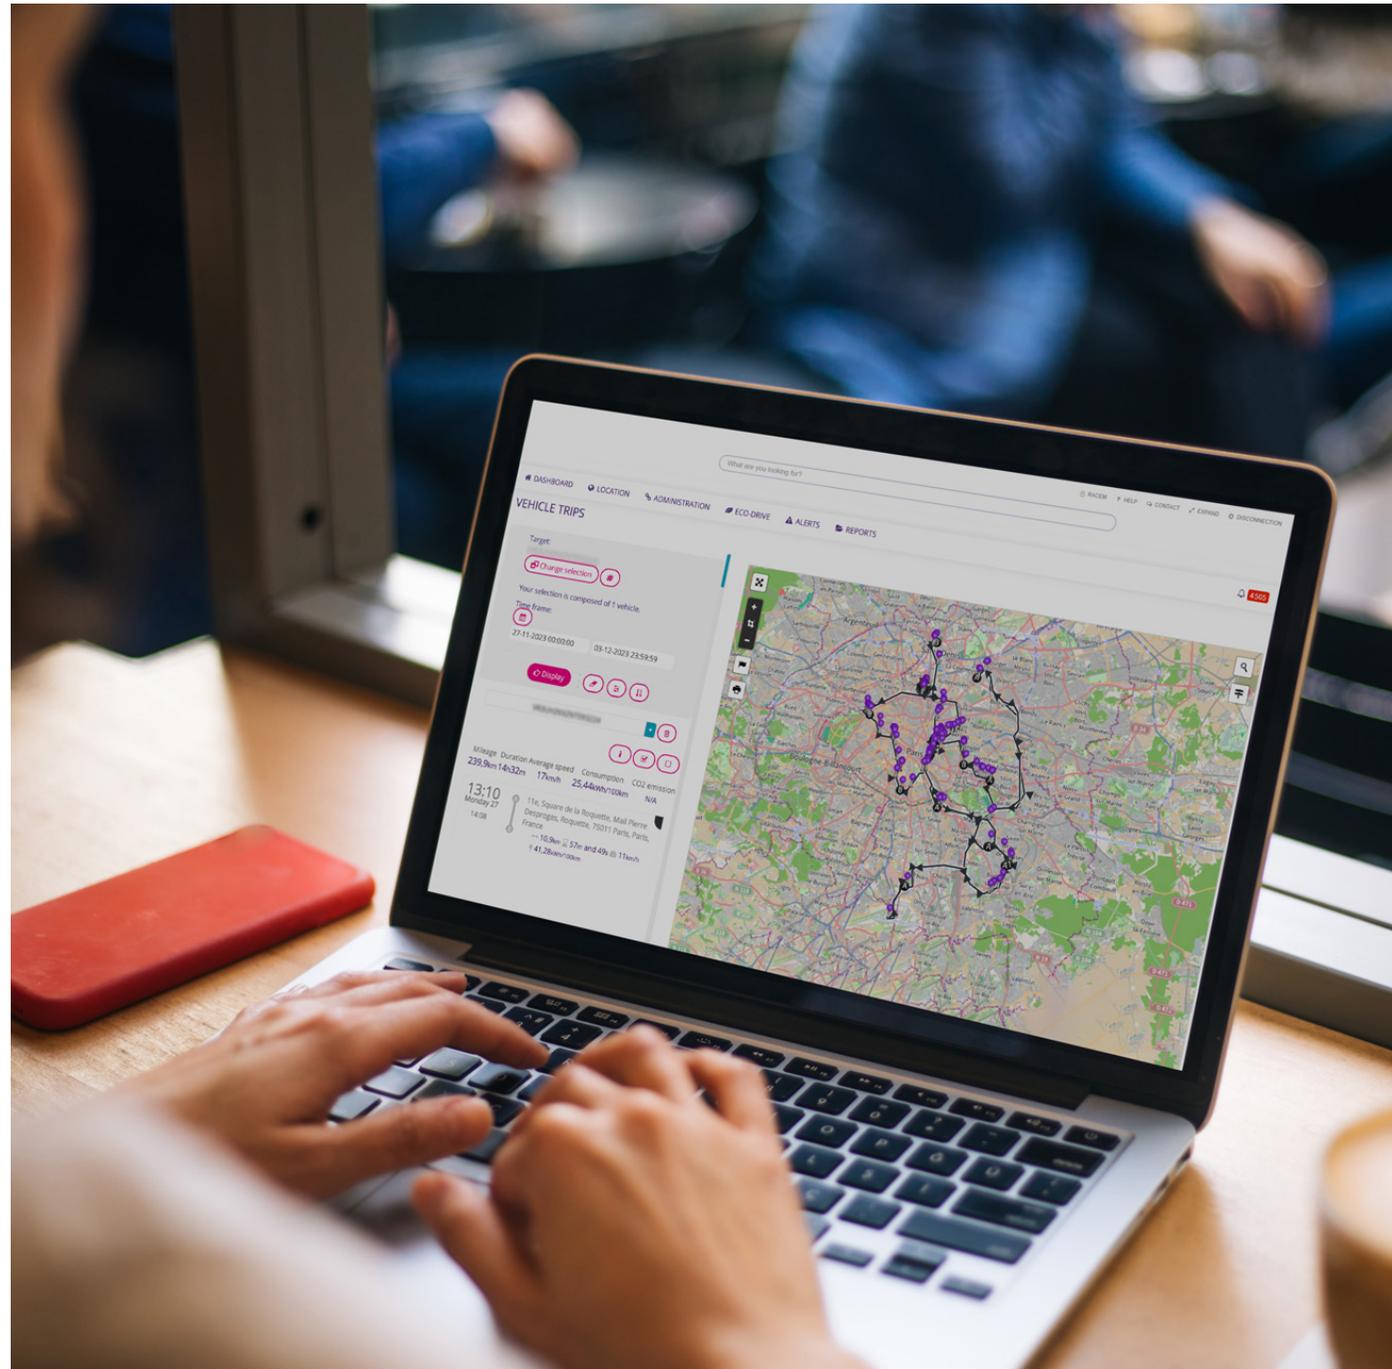

## Preventive Maintenance\*

Enjoy 4 years of coverage with your VAUXHALL vehicles. Anticipate and schedule service, track vehicle alerts, and reduce downtime keeping your fleet running at peak efficiency.

## Connect Fleet

Simplify fleet management with Connect Fleet, a centralized portal that integrates all your data into one intuitive tool, allowing you to:

- **Monitor and optimize your fleet**
- **Access fleet-wide and single-vehicle KPIs**
- **Implement best usage practices**
- **Empower your drivers with tools (eco-driving tips, fuel consumption, trip tracking, driving behavior scores and more) to enhance performance and safety**

\* Included in Connect ONE

**VAUXHALL**

Discover all the benefits of your VAUXHALL Connected Services.  
Install the MyVauxhall app or contact your dealer and start now.

Some of these features may not be available depending on your vehicle model.

Availability of the Connected Services described in this leaflet cannot be ensured permanently, due to potential lack of network coverage or some other external factors not depending by the service provider.
