

VAUXHALL

VAUXHALL CONNECTED SERVICES

COMMERCIAL OFFER

VAUXHALL Connected Services

Stay in control of your drive with access to a range of smart features designed to make your everyday life easier. Tailor your driving experience thanks to our two Connected Services packages.

VAUXHALL Connect ONE

Enjoy essential connectivity

Included for **10 years***, enjoy Connected Services for maintenance, assistance, EV management and more.

Standard features

Enjoy essential connectivity included in the price of your vehicle.

- **Over The Air Software Updates**
Make sure you always get the latest features.
- **In-Vehicle Notifications**
Be notified on important messages about your vehicle.

Assistance

Count on roadside assistance whenever you need it. Help is just a tap away via the SOS or Assistance buttons, or quickly reach support through the MyVaughall app.

- **Emergency Call**
Prompt emergency assistance on time, at any time.
- **VAUXHALL Assistance Call**
Get the help you need in case of technical issues or vehicle breakdowns.

*From warranty start date

Electric Experience

Smooth journeys with your electric or plug-in hybrid model.

- **e-Remote Control**
Use the MyVauxhall app to manage charging sessions and precondition your cabin.
- **e-ROUTES mobile app**
Prepare your trips, find recommended charging stations plus nearby points of interest. Then mirror it to your infotainment system with range and battery levels.
- **e-Coaching Tips**
Get daily tips and recommendations to help you improve battery autonomy and optimize your journeys.
- **Free2move Charge Services**
Manage your charging sessions, find public charging stations and pay directly with your phone**.

Vehicle maintenance

Receive updated, useful information to keep your VAUXHALL in good conditions.

- **Vehicle Health Alerts**
Dedicated notifications will help you act quickly whenever your vehicle needs attention.
- **Vehicle Health Report**
Keep track of your vehicle health with a monthly email report.
- **Online Booking**
Schedule a service appointment with your preferred dealer from the MyVauxhall app.

**Available with a Free2move account

Entertainment

Make waiting times more enjoyable when your vehicle is parked.

- **Games**
Fun, interactive activities during downtime for you and your passengers.

VAUXHALL Connect PLUS

Elevate your connected experience

With a trial period Included for **6 months***, VAUXHALL Connect PLUS offers a wide range of smart features that will make your drive more enjoyable.

Assistance

Add an extra layer of confidence with smart features that help you look after your vehicle.

- **Theft Alarm Notification**
Always stay informed if your vehicle alarm is triggered.
- **Stolen Vehicle Tracking Assistance****
After reporting a theft, recovery support and tracking will help authorities find your vehicle.

Electric Experience

Organize every journey with features tailored to your electric or plug-in hybrid vehicle.

- **EV Trip Planner**
Use the MyVauxhall app to plan your journeys and define the conditions of your arrival based on battery, range and charging station info.
- **EV Routing Embedded**
From your infotainment system, view your journey's total duration, including charging times. Instantly recalculate the best route based on battery levels, road, traffic and driving conditions as they change. Also find nearby charging points.

Connected Navigation

Ensure an optimal driving experience on every journey.

- **Real-time Navigation**
Get updated traffic, fuel or charging stations, weather, speed cams, parking availability, and points of interest.
- **Send2Nav**
Send destinations from the MyVauxhall app to your navigation system.
- **Natural Voice Recognition**
Control vehicle functions with your voice while keeping your hands on the wheel. Just say: "Hey Vauxhall, change the radio station."
- **Geofencing**
See Limited Traffic Zones on your map and automatically switch to BEV mode on your plug-in hybrid vehicle when in LTZ areas of select municipalities.

Entertainment

Turn your journeys into a richer experience with on-board, voice-powered features that will entertain and inform you along the way.

- **ChatGPT**
Enrich your travel experience by asking your vehicle about various topics. Just say: "Hey Vauxhall, which landmarks can I visit at my destination in 2 hours?"***.

***ChatGPT updated as of 2022 and doesn't provide real-time information

Smart access & control

Make everyday life easier with intuitive features that keep you connected to your vehicle, no matter where you are.

- **Remote Control**
Lock and unlock your doors, flash the headlights, or sound the horn with a simple tap on your phone.
- **Find My Car**
Locate where you parked your car using the app and start pedestrian guidance to reach it.
- **My Trip Report**
Save time and money thanks to detailed information that helps you optimize your journeys.

VAUXHALL

Discover all the benefits of your VAUXHALL Connected Services.
Install the VAUXHALL app or contact your dealer and start now.

Some of these features may not be available depending on your vehicle model. Availability of the Connected Services described in this leaflet cannot be ensured permanently, due to potential lack of network coverage or some other external factors not depending by the service provider.
