

# VauxhallConnect

## Live Navigation

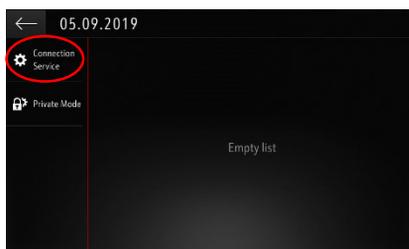

To activate Live Navigation, visit the Vauxhall Connect Store at <https://connect.vauxhall.co.uk> and log in using your MyVauxhall account details. Live Navigation is offered free of charge for 3 years for selected vehicles that have a navigation system installed. Once you activate your service online, you will be sent a confirmation email, once you receive it, you can complete the activation in your car as indicated below.

**1** Start your vehicle and wait until the infotainment system is ready. Ensure you are in an area with GSM network coverage, avoid underground car parks, for example.

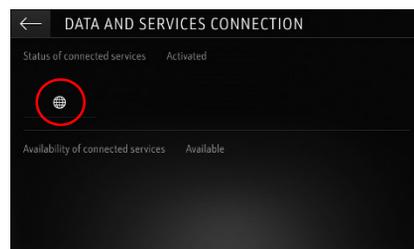

**2** Tap on the messages icon in the upper right of the navigation screen.

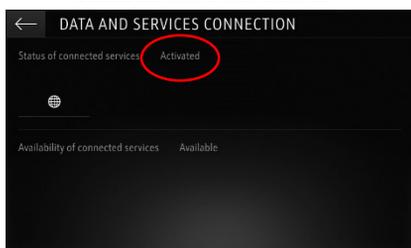

**3** Select 'Connection services'.

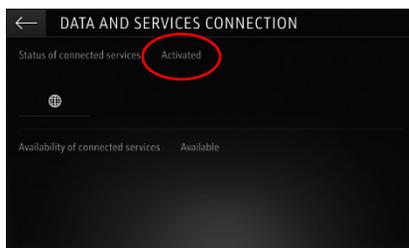

**4** Now tap on the globe icon to update the service and connection status.

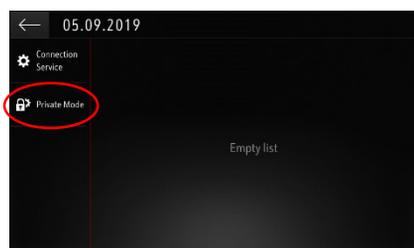

**5** If services are not shown as 'Activated', check the activation status in the Vauxhall Connect Store.

**6** If the service is shown as 'Activated' you can proceed.

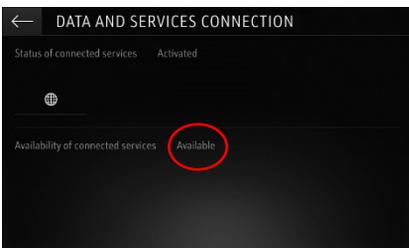

**7** Return to the previous screen and select "Private mode".

**8** Select 'Sharing data and vehicle position', then confirm your selection by clicking the tick icon.

**9** On the connection screen, 'Availability of connected services' will be 'Available'.

**10** 'TomTom Traffic' will appear at the bottom right of the navigation screen, when Live Navigation is active and available.

Your navigation system will now show live: traffic, parking, fuel prices and weather information. You can stop this service at anytime by selecting one of the other options shown in step 8.
